GHS (United States of America, Canada and Mexico)

HOLOGIC®

Safety Data Sheet
ThinPrep® PreservCyt Solution

SECTION 1: Identification of the substance/preparation and of the Company/undertaking

Product identifier

Product Name ThinPrep® PreservCyt Solution

Safety data sheet number 85093-001

Recommended use of the chemical and restrictions on use

Specific use(s) A methanol based, buffered preservative solution used to support cells during transport and slide preparation

Recommended Use In vitro diagnostic

Details of the supplier of the safety data sheet

Manufacturer Hologic Inc.
250 Campus Drive
Marlborough, MA 01752
United States
1-508-263-2900

24 Hour Emergency Phone Number Chemtrec, U.S. and Canada 1-800-424-9300; International +1-703-741-5970

For further information, please contact: sds@hologic.com

SECTION 2: Hazards identification

Classification
This chemical is considered hazardous by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200).

Acute toxicity - Oral Category 3
Acute toxicity - Dermal Category 3
Acute toxicity - Inhalation (Vapors) Category 3
Specific target organ toxicity (single exposure) Category 1
Flammable liquids Category 3

Emergency Overview

Label elements

GHS (United States of America, Canada and Mexico)

Signal word Danger
**ThinPrep® PreservCyt Solution**

**Hazard statements**
H301 - Toxic if swallowed  
H311 - Toxic in contact with skin  
H331 - Toxic if inhaled  
H370 - Causes damage to organs  
Flammable liquid and vapor

**Precautionary Statements - Prevention**
P210 - Keep away from heat/sparks/open flames/hot surfaces. — No smoking  
P260 - Do not breathe dust/fume/gas/mist/vapors/spray  
P264 - Wash face, hands and any exposed skin thoroughly after handling  
P270 - Do not eat, drink or smoke when using this product  
P280 - Wear protective gloves/protective clothing/eye protection/face protection  
P403 + P233 - Store in a well-ventilated place. Keep container tightly closed

**Precautionary Statements - Response**
P307 + P311 - IF exposed: Call a POISON CENTER or doctor/physician  
P303 + P361 + P353 - IF ON SKIN (or hair): Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower  
P363 - Wash contaminated clothing before reuse  
P304 + P340 - IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing  
P311 - Call a POISON CENTER or doctor/physician  
P301 + P310 - IF SWALLOWED: Immediately call a POISON CENTER or doctor/physician  
P330 - Rinse mouth  
**Fire**  
In case of fire: Use CO2, dry chemical, or foam for extinction.

**Precautionary Statements - Storage**
P403 + P233 - Store in a well-ventilated place. Keep container tightly closed

**Precautionary Statements - Disposal**
Dispose of contents/container to an approved waste disposal plant.

**Hazards not otherwise classified (HNOC)**
Not Applicable

**Other Information**
Not Applicable

### SECTION 4: First aid measures

**First aid measures**

**General advice**
Immediate medical attention is required. In case of accident or unwellness, seek medical advice immediately (show directions for use or safety data sheet if possible).

**Eye contact**
Immediately flush with plenty of water. After initial flushing, remove any contact lenses and continue flushing for at least 15 minutes. Keep eye wide open while rinsing. Call a physician immediately.
**Skin Contact**
Wash off immediately with plenty of water.

**Inhalation**
Immediate medical attention is required. Remove to fresh air. If not breathing, give artificial respiration. Avoid direct contact with skin. Use barrier to give mouth-to-mouth resuscitation.

**Ingestion**
Do NOT induce vomiting. Call a physician or poison control center immediately. Never give anything by mouth to an unconscious person. Drink plenty of water. Rinse mouth.

**Self-protection of the first aider**
Remove all sources of ignition.

**Symptoms**
May cause gastrointestinal irritation with nausea, vomiting and diarrhea, central nervous system depression, headaches, and dizziness. May be fatal or cause blindness if swallowed in large amounts.

**Indication of any immediate medical attention and special treatment needed**
**Note to physicians**
Treat for CNS depression and possible renal failure. Provide general supportive measures and treat symptomatically. Symptoms may be delayed. Ethanol and fomepizole are effective antidotes for methanol poisoning, although fomepizole is preferred.

---

**SECTION 5: Firefighting measures**

**Flammability**
Flammable liquid and vapor.

**Suitable Extinguishing Media**
Dry chemical, Foam, Carbon dioxide (CO2).

**Unsuitable Extinguishing Media**
Do not use a solid water stream as it may scatter and spread fire.

**Specific hazards arising from the chemical**
Most vapors are heavier than air. They will spread along ground and collect in low or confined areas (sewers, basements, tanks). Vapors may form explosive mixtures with air. Flammable.

**Protective equipment and precautions for firefighters**
As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

---

**SECTION 6: Accidental release measures**

**Personal precautions, protective equipment and emergency procedures**

**Personal precautions**
Remove all sources of ignition. Evacuate personnel to safe areas. Ensure adequate ventilation, especially in confined areas. Use personal protective equipment as required.

**Environmental precautions**
Prevent further leakage or spillage if safe to do so. Prevent product from entering drains. Do not flush into surface water or sanitary sewer system.

**Methods and material for containment and cleaning up**

**Methods for containment**
Prevent further leakage or spillage if safe to do so. Cover powder spill with plastic sheet or tarp to minimize spreading. Dike far ahead of liquid spill for later disposal.

**Methods for cleaning up**
Dam up. Soak up with inert absorbent material (e.g. sand, silica gel, acid binder, universal binder, sawdust). Pick up and transfer to properly labeled containers. Soak up with inert absorbent material.

---

**SECTION 7: Handling and storage**

**Precautions for safe handling**
Keep away from heat, sparks, flame and other sources of ignition (i.e., pilot lights, electric motors and static electricity). Keep container tightly closed. Ensure adequate ventilation, especially in confined areas.

**Advice on safe handling**
Ensure adequate ventilation, especially in confined areas. Keep away from heat, sparks, flame and other sources of ignition (i.e., pilot lights, electric motors and static electricity). Take precautionary measures against static discharges. Use spark-proof tools and explosion-proof equipment. All equipment used when handling the product must be grounded.
### Conditions for safe storage, including any incompatibilities

**Storage**
Store in accordance with local regulations. Use appropriate containment to avoid environmental contamination.

**Storage Conditions**
Keep tightly closed in a dry and cool place. Keep in properly labeled containers. Keep away from heat, sparks, flame and other sources of ignition (i.e., pilot lights, electric motors and static electricity).

### SECTION 8: Exposure Controls/Personal Protection.

#### Exposure Guidelines

**United States of America**

**NIOSH IDLH** Immediately Dangerous to Life or Health

**Other Information**
Vacated limits revoked by the Court of Appeals decision in AFL-CIO v. OSHA, 965 F.2d 962 (11th Cir., 1992).

#### Appropriate engineering controls

**Engineering Controls**
Provide adequate ventilation. Showers. Eyewash stations.

**Individual protection measures, such as personal protective equipment**

- **Eye/face protection**
  Tight sealing safety goggles.
- **Skin and body protection**
  Wear suitable protective clothing.
- **Hand Protection**
  Wear protective nitrile rubber gloves.
- **Respiratory protection**
  Not Applicable

**General Hygiene Considerations**
Regular cleaning of equipment, work area and clothing is recommended. Do not eat, drink or smoke when using this product. Wash contaminated clothing before reuse.

**Other Information**

**Environmental exposure controls**
No information available.

**SECTION 10: Stability and reactivity**

Reactivity: None under normal use conditions.

Stability: Stable under normal conditions.

Possibility of Hazardous Reactions: None under normal use conditions.

Hazardous polymerization: None under normal use conditions.

Conditions to avoid: Heat, flames and sparks.

Incompatible materials: None under normal use conditions.

Hazardous Decomposition Products: None under normal use conditions.

Materials to avoid: None under normal use conditions.

**SECTION 11: Toxicological information**

Information on likely routes of exposure

Product Information: Repeated or prolonged exposure may cause central nervous system damage. May be harmful by inhalation, ingestion, or skin absorption.

Inhalation: Harmful by inhalation.

Eye contact: Risk of serious damage to eyes.

Skin Contact: Harmful in contact with skin.

Ingestion: Harmful if swallowed.
ThinPrep® PreservCyt Solution

Information on toxicological effects

Delayed and immediate effects as well as chronic effects from short and long-term exposure

- **Skin corrosion/irritation**: No information available.
- **Serious eye damage/eye irritation**: No information available.
- **Sensitization**: No information available.
- **Germ cell mutagenicity**: No information available.
- **Carcinogenicity**: No information available.
- **Reproductive toxicity**: No information available.
- **STOT - single exposure**: No information available.
- **STOT - repeated exposure**: No information available.

**Target Organ Effects**: Central nervous system, Eyes, Gastrointestinal tract (GI), Respiratory system, Skin.

**Aspiration hazard**: No information available.

**Numerical measures of toxicity - Product Information**

The following values are calculated based on chapter 3.1 of the GHS document. mg/kg mg/l

Reactive Hazard: No

**CWA (Clean Water Act)**  
This product does not contain any substances regulated as pollutants pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42).

**CERCLA**  
This material, as supplied, does not contain any substances regulated as hazardous substances under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302) or the Superfund Amendments and Reauthorization Act (SARA) (40 CFR 355). There may be specific reporting requirements at the local, regional, or state level pertaining to releases of this material.
